“ My condolences to Shane, Alexis, Olivia and Conner. I knew Brandy only very early on in both of our lives when we spent a summer or two together at mom-mom and pop-pop's. To me, her memory will always be associated with that of poolside Ice-Pops and MMMBop by Hanson blasting on the radio and from what I hear, her personality was just as joyful and full of color till the end. You will be missed, Brandy.

“ I am a Officer with the University of Evansville Public Safety Office and would run into Brandy quite often on campus. She was always laughing and had many a story, was always excited about upcoming trips. I find this really hard to believe and quite honestly am shocked after all she was doing to keep herself healthy. I am very sorry for your loss and will keep you in my prayers.

“ My heartfelt condolences go out to Shane, Alexis, Olivia and Conner. Brandy, we lost you much too soon. I still can't wrap my head around you not being here to send me messages or call while you are out on your daily walks. Kiss Brooke for me. I know that God has a plan; He is the best of planners. Rest in peace and may He bless and help your family through this difficult time.
