“ *Burt I'll miss you! He was a great brother to my father (Danny (Ken) Avery) my childhood memory with Burt was in Gretna Louisiana. We were living with him for a little bit, and some thing was getting into his freezer on the back porch. So he said a small bear trap, and the next day had caught a possum in the trap. The trap had decapitated the possum's 2 front legs. Uncle Burt felt really bad that he caused this pain to this animal. So he put it in a trashcan with newspapers and fed it daily with water and food. And then about two weeks later, when the nerves healed on the arms, we found that the possum had babies. So, my uncle Burt continued to take care of this possum for a while and tell the babies to walk. Then he let the possum go behind the house, and I watch the possum walk away on its back legs with all its babies following the momma. Uncle Burt built us a mini little club houses in the backwoods of Louisiana. Unfortunately, the aunts would always take them over so he would just build another one. Great childhood memories with him! I will always love and miss him. Kenneth, Daniel Avery, Junior, son of Danny Avery.*
