“ My favorite roller skating buddy, James was amazing skater. I loved going to school with him because it was great to have a cousin that was a star basketball player and just a free loving person! I'll miss him and love him always.

“ My favorite memory of my uncle James, was years ago when we asked my mom if we could walk to the store with him. He was very tall and forgot that kids had little legs. So what was a walk for him, was a race to keep up for us. By the time we made it back to our grandmothers home, we where exhausted and realize we had done a complete marathon work out, and no longer wanted our snacks due to exhaustion. Lesson learned, never go to the store with uncle James if you don't want a work out. My Uncle will truly be missed.

“ *What I remember most about my Brother for Christmas he would send his sisters a little gift it didn't cost much but it was the thought that count the most with the holidays coming I am going to miss that in expensive gift.*

*Love you Brother*

*Della w1*

“ *I remember when Uncle James would sit me(Karen), Bill, Angie, Frank, Mark, Wilbert & Warren down and tell us he was going to play his guitar so we would know what real music was. Sometimes he would play the guitar with strings but when he would take the strings off it was hilarious. My cousins and I would look at each other with confusion, whispering to each other do you hear anything . You will be missed but never forgotten. Love Karen!!!*
