“ I met Robert on line a couple of years ago and he sure was a special guy,very intelligent with a great sense of humor and just fun to communicate with.A short while back he said he was going to the hospital for tests relating to cancer at Ochsner and complained they kept asking his date of birth. On August 30 he was upbeat that his appetite was returning and that was our last communication. I mentioed this to my son who was visitng and he said let me check and he found the obituary and i felt sadness. My heartfelt condolences to those who loved him.
